COMPENSATION FOR EXTRA OR ADDITIONAL SERVICE RESPONSIBILITIES
APPENDIX E**

BASIC POLICY: It is recognized by the Board of Education that the meeting of normal professional responsibilities may involve large amounts of teacher time outside of classroom hours. It is the general policy of the board that no extra duties are granted for assignments for which time is provided within the school day. A reasonable amount of extra school duties are recognized as being part of the teacher's regular responsibilities, and compensation for these is included in the salary schedule.

Certain responsibilities, however, require excessive time in addition to regular class assignments or out-of-school duties. Should there be any assignment listed which may be handled largely within the extended school day, the District shall not be obligated to pay additional salary for this responsibility. It is recognized that the following responsibilities may, in many cases, exceed the school year, excluding the Department Chairperson.

All appointments to these positions shall be on the recommendation of the Superintendent and the approval of the Board.

All positions are paid the indicated percentage of annual salary rate based upon the 2000-01 salary schedule in effect through December 4, 2000. Off-campus coaches are paid the indicated percentage of Column I on the salary schedule. Not all positions are filled every year.
