

MAY 28TH 1-2PM

CAREGIVER RESOURCES AND HOW TO FIND THEM

Caregiver Support Webinar Series Premier

Caregivers open their hearts and homes to children across the state. Sometimes caregivers want to know more about the laws and policies that affect them and their foster/kinship children. Join California Department of Social Services analysts Andrew Leung and Lily Colby for a webinar covering how to navigate the CDSS webpage; CDSS and external resources for caregivers, and where to turn with questions. This free webinar is the first in a series intended for caregivers and those who work directly with caregivers.
